WHAT OUR CLIENTS SAY

CHRIS

“Moving from the UK to Australia for work, and moving our family, pensions, house sale funds and investments, really does emphasize the need for specialist help and advice, and bdhSterling have been fantastic in all aspects as we have travelled this road. Dealing with a company that has experienced people across all the issues and areas of pensions, tax liability and investments, on both sides of the world, is essential and all the people we have worked with at bdhSterling have been excellent across the board.”

GUY

“We have been with bdhSterling for over 10 years now and their support in helping us transition pension from UK to Australia has been exceptional - they are truly experts in this area.”

DAVID

“I’ve worked with BDH for the last seven years on a number of my pensions. They are a first class group in both Australia and the UK. When you are moving money or making significant decisions on pension structure it’s a big deal and often a worry. It’s hard to find financial advisors who you can trust, who give advice best suited for you and who have the technical skills to execute. BDH have never let me down, it’s been a great relationship.”

NICOLA

“Seamless transition of UK pension to Australia. I have recently finalized the move of my UK pension to Australia and at every step along the way, the communication, explanation and smooth transition has been second to none. bdhSterling are a professional team and I am so glad I made the choice to use them.”
